

Salina Soccer Club Student Coach Mentor Program Application

The mission of the Salina Soccer Club is to provide opportunities for the youth of the Saline County area to participate in organized, competitive soccer. The SSC is also committed to providing quality leadership and coaching for its teams.

Along with providing quality coaching clinics at a reduced fee to all Salina Soccer Club coaches, the Salina Soccer Club Board of Directors has developed the Student Coach Mentor Program. This program offers an opportunity for U13 & U14 boys and girls SSC teams to hire a local college or high school soccer player as SSC approved coaches. The SSC will pay up to \$200/season for the student coach assigned to the team by the SSC Director of Coaching.

Payment will be made directly to the head coach or manager of the SSC team. Funds paid to the SSC team through the Student Coach Mentor Program are to be used only for the payment of coaching services provided by the student coach.

SSC will accept and review applications from younger age division teams with smaller roster sizes. It is not guaranteed that each application submitted by the younger age division teams will be approved.

Please fill out the information below...
